Planning Board Moves

TO RESCIND MARCIA ROAD PLAN

After long delays for the convenience of the developer, the Wilmington Planning Board has finally moved to rescind the plan of a housing development known as 'De-Carolis Estates' located at the northerly end of Marcia Road, in North Wilmington.

The board has for the past several years been in communication with the developer, attempting to get the street work completed. In the past year several letters have been written, and deadlines set, but with no action.

Tuesday night the board voted unanimously, on motion of Morton Grant, to rescind the approved

plan, under the provisions of Chapter 41, Section 81W of the General Laws, and subsequently made arrangements for the Town Counsel, Alan Altman, to correctly word the notice of a hearing which is to be on February 3rd.

The DeCarolis Estates are owned by the T&T Construction Co. of Tewksbury, who purchased the property two weeks after the plan had been approved for James De Carolis of Tewksbury, in 1964.

There are about 23 house lots in the area, on which 18 houses have been built to date, and there have been complaints from some of the home owners about the status of the road, which was never completed.

Political Action is Slow

Only one contest seems to be developing, in town elections next March, that being for the post on the Board of Selectmen now held by George W. Boylen.

He has two opponents, one being Felice Vitale, who has now been a candidate for several years. Mr Vitale took out his papers last fall and is reported to have filed over 400 signatures with the Town Clerk.

The other opponent is Carl Backman Jr., of Glen Road, a member of the Wilmington family which was known as The Flying Backmans, in skating. This is his first candidacy for public office.

Only John Callan seems to be interested in his office of Town Moderator.

The two incumbents on the School Committee, Miss Diane Imbimbo and William Fay, have taken out papers, but there seems to be no opposition.

Frank McLean has taken out papers for the Regional Technical School. Again there seems to be no opposition.

Mrs. Flora Kasabuski is a candidate for re-election to the Wilmington Housing Authority, and she has no opposition. Another opening on the WHA is for the unexpired term of the late James Donahue, which is to expire in 1972.

There are no elective openings for the Wilmington Re-Development Authority. The only vacancy is that formerly held by Bob Evans, now a New Hampshire resident, and that is by appointment by the Governor.

CHAIRMAN JAMES DURKEE of the Wilmington Board of Health presented plans to the Board of Selectmen, Monday night, for an inter-community action against the drug menace. The cost, he said, would be about \$5,000 for Wilmington.

Town Moves Against Municipal Utilities

House Bill 1000, introduced by Fred F. Cain, was shown to the Board of Selectmen Monday night by the Wilmington solon.

It asks that Chapter 59 of the General Laws be amended so as to allow any municipality to tax the 'personal property' of another municipality which may be in the town or city. The filing of the bill can be viewed as an attempt by the Town of Wilmington to collect taxes from the Town of Reading Municipal Light Department for the power lines located in Wilmington.

The law at the present time is that no one municipality may tax another, this being the result of a Superior Court decision in 1969, in the case of the Lakeville Board of Assessors vs the Middleboro Gas & Electric Company, a municipally owned utility.

In addition to Wilmington the towns of North Reading and Lynnfield are reported to be interested in pushing the bill through the legislature, as well as are some other towns in the Commonwealth. Most of the utility services in

Wilmington are assessed. Boston Edison's transmission line through South Wilmington is assessed at \$63,950, and those of the New England Power company, in North Wilmington are assessed at \$85,000.

Other utilities which are assessed, and their figures, are: NET&T, \$906,000; Tennessee Gas (TENNECO) \$48,000; Lowell Gas \$169,400; and Western Union \$9100. The assessment figures are derived from figures computed by the State authorities.

Chamber of Commerce Annual Meeting Tuesday Massachusetts 1970

Massachusetts 1970 is to be the subject of a talk by Rep. Michael S. Dukakis, before the Wilmington Chamber of Commerce, next Tuesday noon, at the Wilmington K of C Hall. A member of the State House of Representatives since 1962 he has been a forceful and outspoken

leader in legislation concerning Auto Insurance, Civil Service, Consumer issues, and in many other major areas of government. Mr. Dukakis is considered to be a formidable candidate for the office of Lieutenant Governor in 1970.

The annual meeting is for the membership, and their guests, and

reservations may be made by calling Executive Secretary Stanley Webber at 657-7211 or 658-2269.

The meeting is to start at 12 noon, with lunch at 12:30. Election of directors of the Chamber will be a part of the meeting.

President Joseph Maffeo of the Middlesex Bank will preside.

'No, I was Lucky'

Three North Reading youths escaped injury, in a miracle, on Dec. 30th in an accident at the Eames Street bridge over the B&M RR.

'No, I was lucky', was the response of the driver, John H. Fritsch of 23 Shady Hill Drive, in North Reading, when asked by one of the people arriving on the scene if he was injured. Fritsch is 18 years old.

According to the story told to the Wilmington Police, the car in which the youths were riding was forced off the bridge by another car which was going in the oppo-

site direction, and which sped off without stopping. The accident was at 10:30 pm.

The car, a 1963 Ford hardtop, went through the bridge rail on the northerly side, and landed, upside down on the tracks 30 feet below. It was squashed flat. Officer James Marsi described it as looking as though it had been through one of the giant presses used to compress junk cars for shipment to metal recovery plants.

All three boys were able to get out of the car, and went to the office

of National Polychemicals, where the watchman called the police. Officers Marsi and Leo Markey, among the first to arrive on the scene, ran down the tracks and flagged down a northbound Budd liner, which would have struck the car in a few moments.

The three youths were taken to the Choate Memorial Hospital in Woburn, where after a brief examination they were released. Riding with Fritsch were John Nicolsia and William Thomas, both of North Reading.

JUST A LITTLE BIT LATE: Two of Wilmington's 1969 football stars received their awards, yesterday, from the Wilmington Rotary Club.

L to R: President Bryant Bedell, RH Mike Esposito, who received the Outstanding Back award, LG Billy DeLisle, who received the Outstanding Lineman award, and coach Fred Bellissimo.

All Welcome

In Your Service at the State House

Senator Ronald C MacKenzie

We have entered the nineteen-seventies and as with each new decade, this one holds great promise. Looking back over past years shows how much has been accomplished but also what a great deal more remains to be done. The beginning of a decade provides new opportunities to solve the many problems confronting us today.

I look forward to continuing to work for solutions in my position as your state senator. Among the key areas that will be discussed this year in the legislature are drug reform, insurance, education, transportation, air water and noise pollution. I have personally filed 22 bills this session. Through

this column and through speaking engagements throughout the district, I will keep you abreast of progress on items of interest and importance.

Since I am anxious to be of service to you individually and to hear the opinions of my constituents on legislative matters, in 1970 I will continue my Woburn office, 69A Pleasant Street. The office is open the first and third Saturdays of each month between 10 am and 2 pm. At other times I may be reached at the State House or at home.

Jan and I sincerely hope that your holidays were safe and enjoyable. May the seventies bring peace and individual contentment to all of you

They don't make hoses the way they used to.

The newer plastic hoses have to be handled and stored with deliberate care.

The end of seasonal use and the beginning of storage is, therefore the time to be especially careful. It's a good idea to extend the hose to its full length so as to allow a natural coil when rolling it.

Any twists against the natural coil cause the walls of the newer hoses to crimp and weaken. Coil the hose on a fully supportable hanger. The hanger bears the weight evenly, and the hose will last longer.

Wildcats Drop a Pair

The varsity sextet of Wilmington High School lost both of their league encounters last week, in games played at the Forum in Billerica. On New Years Eve the boys were shutout by Burlington 2-0, and last Sunday they were edged by Masconomet 2-1.

In the games against the Red Devils the team was shut out by a Burlington club for the first time since the 67-68 season by a 27-23 margin. After a close, hard-fought first period in which the Burlington goalie kicked out many good Wildcat shots, the boys played listless hockey, and were outplayed by the Red Devils for the rest of the game.

Burlington scored the game winning goal late in the second period and an insurance goal late in the final stanza. If it were not for the fine goal tending of junior Dana Tighe in the third period, the Wildcats might have taken a real bad drubbing.

Defenseman Mike Esposito, with his wrist heavily taped, played sparingly in the contest. With Espo injured the team was unable to adjust, as Pete Tighe played on defense and centered the second line, while Steve Catalano moved up to the first line. To compensate for the loss of one man the entire team lineup was altered to

the point where they could not muster any offensive attack during the last period, especially when they put only three shots on the Burlington net, and these were after the seven minute mark.

Again, against the Chieftans, last Saturday, the team did not play well, as they lost their third game in the last four played. Poor defensive play in front of Dana Tighe resulted in both Masco goals.

The lone Wildcat score came on Ray Bicknell's fourth seasonal goal late in the first period. This tied the score 1-1, but the tie was short lived as the Chieftans scored early in the second stanza.

In other league action last week Andover tied Billerica, 2-2, and shut out Chelmsford 4-0, while Burlington remained undefeated in stopping Billerica, 4-1. Chelmsford topped winless Tewksbury, 4-1.

The Wildcats will be playing tomorrow night at the Forum against Tewksbury, whom they beat earlier, 4-0. Face is listed for 5:45 pm.

The jayvees lost their seasonal opener to North Reading last Friday, 6-5. Outstanding in the defeat were goalie Charlie Miller and forwards Bob Gray, John Trickett and Tom Szadis.

During the first six games, junior

THE SICK LIST

Bill Andrews of West Street, who recently retired as Grounds Keeper at Wilmington High School, has been a patient in the Winchester Hospital for several weeks. He is in intensive care.

by Louie

Vitamin D is commonly called the Sunshine vitamin. The beneficial effects of sunshine were observed long before vitamin D was related to the sun's rays.

The children of the poor living in crowded slums, frequently developed rickets.

Once, in England, a tax was placed on windows, and industrial buildings began to reduce the number of windows. Rickets became so common that it was called the English disease.

In 1890 a doctor practicing in Japan was struck by the absence of rickets in that country. He saw that cold and wet climate and lack of sunlight were in some way related to rickets.

Today, we know that vitamin D is absolutely necessary for the formation of sound bones and teeth.

Vitamins are important to good health. Prescriptions & medical needs are available at **SILVER LAKE PHARMACY**, 52 Main St. Call 658-4617. Open 9-10. Candies. Cosmetics.... Greeting Cards.

SAFE DRIVING AWARDS: For 1969 were presented to five of Charles River Breeding Labs truck drivers, December 24th, by Sumner Foster, Executive Vice President.

Who is going to Pay First?

A situation similar to the old comedy routine of 'After You, my dear Alphonse' is developing be-

tween Wilmington Town Hall and Wilmington Ford Sales.

A sum of over \$3300 is owed to Wilmington Ford for repairs to the Wilmington police cruisers during recent months.

Wilmington Ford owes the town a sum of about \$100,000 in taxes. It is reported that Wilmington Ford has said it will not pay the taxes until it has been paid for the cruiser repairs.

The assessed taxes of Wilmington Ford had been protested, and was in litigation. A hearing was scheduled for Monday, in the State Appellate Tax Board, but the differences were settled before the

hearing was held, so that they are now liable and due.

The interest rate, according to the latest state law, is 8% a year on the unpaid balance, starting at January first.

The Town Hall cannot pay the repair bill, because for some reason it did not appear in the Selectmen's Warrant during the calendar year 1969. Late bills for any year, by law, cannot be paid until a special appropriation has been made in the next Town Meeting, in this case on March 17.

Meanwhile the two contestants are still bowing politely to each other, - only it is costing Wilmington Ford 8%.
